A1's New Machine

Horizon

*Your work of Art...
is on the Horizon!*

I am the Horizon

*"The Biggest Longarm in the Industry
with the silky smooth feel you've come to expect from A1!"*

800longarm.com

**A1's proud to announce
the *BIGGEST* news for
the 2010 Quilting Scene...**

Horizon

Standard features on the Horizon:

- Single Stitch & Electronic Needle Positioner
- Stitch Regulated w/ Cruise (*Another A1 Innovation!*) and Diagnostic System
- Throat size: 10" x 31"
- Quilting space: 24" Perfectly suited for the computerized systems and hand-guided
- Horizon weight: 67 lbs
- Elite weight: 60 lbs
- Ergo Grip-patented fully ergonomically adjustable handlebars with the only truly multi-positional handles
- Ergo Lift- remote controlled hydraulic height adjustable table
- M Bobbin (*double capacity*)
- Stand alone bobbin winder
(*note: In general, built in bobbin winders do not work precisely with stitch regulators*)
- Multi-directional laser light
- Tracknology Wheel & Track System-superior smooth wheels with aluminum one piece track for rails and carriage
- Double fluorescent lights (*black light interchangeable*)
- Batting Access Lockable Lifting Lever (*A1's Simplistic approach*)
- Stability/comfort upper roller
(*Our Artists love the stability gained of resting their forearms on the roller*)

Optional features for an A1:

(additional charges will apply)

- "Your Choice" color palette – personalize your machine – choose your favorite color!
- Versatile table lengths; 12' Standard
- Above head light bar-see the magic happen
- Circle Lord Circle Maker (*Best in the Business*)
- Tensionology – patented remote controlled fabric advance
- Swivel castors
- Zippered leaders
- Magic Mat
